

1

Insert the cables in  
the given order A-B-C;  
Plug in connectors to device.

A - Sealing Nut  
B - Seal  
C - Body

2

Push the seal (B) into the body;  
Add sealing nut (A).

3

Tighten the nut with wrench or other tool.  
Make sure cables are sealed and fixed!

## Disassembly

Use the sealing plugs (D) for unused holes (B).
